Says He Will Fight hautman After a Trip to England, While Ketchel Accepts Coffroth's Offer of a \$30,000 Purse for a 45 Round Bout With Negro.

Unless Jack Johnson deliberately flunks. be did in the match with Sam Langford arranged for May "t in London, he will man or Stanley Ketchel for a battle of fortyfive rounds to be decided at Colma, Cal some time next summer. Johnson, having completely ignored by the bulky leffries, came out restersiv with the anhis \$6,000 forfeit the latter was in line for a bour. Johnson said that he intended to sail for England in about two weeks to fill some music hall engagements, but under no circumstances would be indulge in a fight with Langford for the reason, given by the champion, that Langford is a widther. by the champion, that Langford is a middle-weight and must get into the heavyweight class before he is entitled to a match. Johnson's excuse for crewling out of his light with Langford will not hold water, hashnuch as the latter can fight at 1.00 pounds and met Johnson three years ago when weighing less than 140 pounds. But passing up Langford, Johnson deplared yesterday that when he returns from Englight Kaufman on the Coast.

bododge a fight with Stanley Ketchel, for Promoter James Colroth, who runs the ic fights at Colma, has inst announced forty-five round battle between Johnson and Ketchel, to be decided on July 4, rether July a, as the fourth falls on a Sin-Willus Britt, Ketchel's manager, has dy accepted Coffroth's offer and says that the Michigan Lion will jump at the chance to tackle the big black man. Coffroth thinks that Ketchel is a better drawing ard in California than Kaufman and is ot ready to offer a purse for a match beseen Delaney's big boy and the con jueror Tommy Burns, Coffroth will be here out a week and says he will put the Ketchel match up to Johnson in such a mapner that the latter will have to accept show the white feather.

Ketchel is also ready to meet Kaufman a a ten round bout. A week ago Delaney fered to forfeit Kaufman's end of the purse if the latter did not knock Ketchel inside of ten rounds. At first Ketchel ald nothing in reply, but yesterday Uritt clared that he had sa,000 to bet on the de that Kanfman could not peconolish he above feat. Lritt also declared with ich emphasis that Ketchel, instead of ng stopped, would probably turn the an half a dozen rounds. If this exchange impliments results in a match between Kaurman and Katchel it is probable that closel club, perhaps the Fairmont A. C., will handle the bont. Farthermore, Britt declared that Ketchel

of at the initial bag in the first inning Pattee singled over second and promptly stole second. McMillan, a native son, worked the Crackers' pitcher for a base, and on Big Jim Sebring's grounder to first both runners advanced a bag. Manager Lumley tried to clean up, but the best be could get out or his drive to right was three bases, Pattee and McMillan seoring Brooklyn's first two runs.

Brooklyn's other run was scored in the fifth inning on a gift to Burch, Pattee's single, the latter being forced at second on McMillan's hit to short, and a fearfully wild pitch. Burch scored.

Rucker and McIntire, both well known here, were cheered for their grand pitching. The entire team leaves early to-night for Nashville, where they meet the champions of the Southern League to-morrow, Friday and Saturday.

HARD WORK FOR SECOND TEAM. MeGraw's Men Only Beat Harrisburg by 3 to 2.

HARRISBURG.Pa., April 7 .- John McGraw's second team of New York Nationals found the Harrisburg Tri-State team a tough proposition to-day, winning by a score of 3 to 2. The New Yorkers were outbatted and won on superior fielding. A high wind which blew forty miles an hour at times made the outfielders do some chasing, and during the game sent a large signboard crumbling to the ground. Merkle did good work and the crowd applauded him frequently.

The West will be the mecca this year for automobilists, and more important motor car contests will take place in that section of the country this year than during any previous period. On June 1 the international contest for the M. Robert Guggenheim trophy is scheduled to start from this city with Seattle, Wash., as its fixed destination. June 18 and 19 are the dates fixed by the Chicago Automobile Club for the running of the light carrace and the contest for the Cobe trophy, while it has been decided that Detroit will be the starting point for the 1909 Glidden tour. The city selected as the end of the tour has not been announced as yet, but it is rumored that Kansas City or St. Louis will probably be selected.

TO CRUISE TO BAR HARBOR. New York Y. C. Fleet Will Rendezvous at

New London. The fleet of the New York Yacht Club will this year rendezvous at New London on Thursday, August 5, and cruise as far as Bar Harbor; according to the plans of Commodore A. C. James. It has been suggested that yachtsmen who intend to take part in this annual cruise should cruise together

from this end of the Sound as far as New Irom this end of the Sound as far as New London.

The committee of the Indian Harbor Yacht Club has proposed a joint cruise with the Seawanhaka Corinthian Yacht Club. The races are to be open to yachts of any club for all classes down to class P. The fleet will start from Greenwich on Tuesday. August 3, and sail the first day to Morris Cove. The next day's run will be to New London. In the event of the Seawanhaka Corinthian Yacht Club not caring to take part in this cruise it is probable that the Indian Harbor club will carry it through alone.

This cruise is to take the place of the Indian Harbor race to New London which in former years has been held in June, starting in time get the fleet to the Thames River so the yachtsmen may witness the annual Harvard-Yale boat race. London.

Commodore C. M. Dunbar, who has just been elected to succeed Commodore Modd of the Rhode Island Yacht Club, is having of the Rhode Island Yacht Club, is having a 57 foot cruiser built by Frederick S. Nock. The general dimensions of this yacht are 57 feet over all, 51 feet on the water line, 11 feet beam and 4 feet draught. It is of the raised deck type and the raised deck is carried for a distance of 22 feet, the centre line of the same being continued to the end of the trunk, which is 25 feet in length. The after deck is 10 feet long and the space on deck around the sides of the trunk only 7 inches wide.

The saloon contains ample sleeping accommodations for eight persons when the borths are extended. Forward of this there is a stateroom, toilet and a galley. In the engine room are two folding berths. The yacht is to be driven by a 4 cylinder Jager engine, 6 inch bore, 8 inch stroke, developing 40 horse-power at 400 revolutions. This yacht will be used cruising along the coast this season and in the fall will go South. a 57 foot cruiser built by Frederick S. Nock.

CHANGES ON VANADIS

Reciprocating Engines to Be Added to Turbine Equipment.

built last year on the other side of the At-lantic for C. E. G. Billings from designa by Clinton H. Crane, is to have many changes by Clinton H. Crane, is to have many changes made in her machinery. This yacht is now equipped with turbine engines and the changes will give the yacht reciprocating engines in addition to the turbines. Denny Bros. last fall built a steame which was fitted with the combination of turbines and reciprocating engines. This vessel was an exact duplicate of a vessel built by this firm which was equipped with turbines only and the new vessel was a knot faster. The turbine steamer himerald, owned by Sir Christopher Furness has been changed and two steamers building for ocean traffic are being fitted with this combination.
